WHY?

The most important problem of the 21st century is probably climate change and pollution. The automobile represents 20% of the CO2 emissions.

Fortunately cars manufacturers invest billions of dollars to try to reduce carbon emissions. I will show you different solutions that cars manufacturers invented.

ELECTRIC CAR

The most famous solution suis probably the electric car. The engine produce almost no carbon dloxyde provided that the energy Is clean.

But the duration of the battery Is short like his lifespan.

Almost all cars manufacturers have an electric car. It's good for the plane, engineers works flat-out to improve that but it's still not practical.

1 Tesla Is the bigger electric car manufacturer

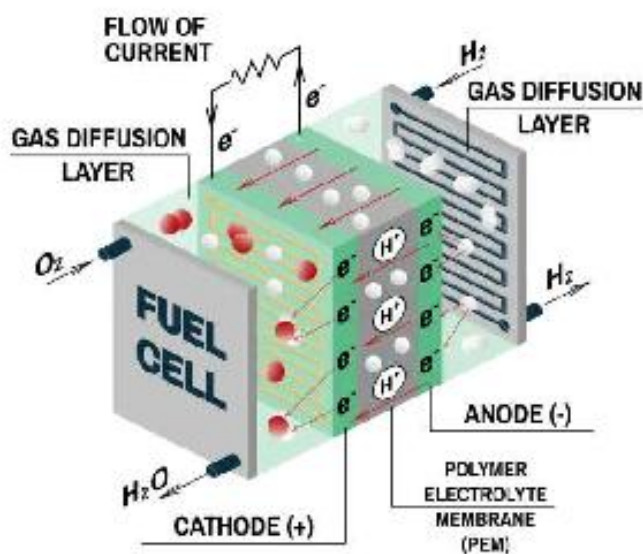

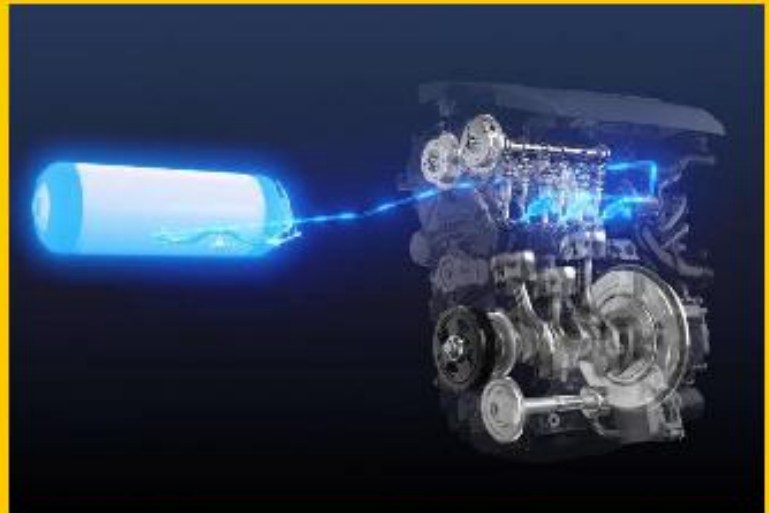

2 Formula E helps the technology.

3 Lithium mining pollute.

HYDROGEN CAR

A lot of people think that the hydrogen engine will save the planet. There are different technologies like a classic internal combustion engine with hydrogen instead of fossil fuels or more complex technology with ions.

However, the fuel cell (tank for hydrogen) can explode during an accident, we need electricity to produce hydrogen... And that solution isn't ready.

ALTERNATIVE SOLUTIONS

Meanwhile scientist develop electric battery or hydrogen fuel cell, it exist other alternative to the petrol.

Changing a little factor on the engine, we can consume a 100% vegetable fuel. Refine it emit no CO₂. Use ethanol emit 50% less CO₂ and 90% less fine particle than diesel. Furthermore, it cost only 0,8€ per L

I think that we have the elements to save the planet. The future is sometimes dark for Humanity but our descendant will have good days if everybody does efforts. We have so many solutions to make the future great, grab it !

The Queen

Elizabeth II has been the Queen of England for 70 years.

That is the longest reign. At the beginning she wasn't supposed to be the queen of England because there was her uncle and her dad. But after a lot of events she became Queen. Because her uncle didn't want to reign and her dad died. During the 70 years of reign, she has met 14 US presidents and 14 prime ministers. Finally she reigned on 53 countries.

The Queen's death operation

The London Bridge operation is the name of the Queen's death operation. On D-Day the Queen's private secretary will call the Prime Minister. After this, all of the kingdom's responsables and plenty of International Presidents will be informed of the Queen's death. All of the television news presenters will be wearing a black suit to announce the Queen's death, then the Prime Minister will talk with the new king, after they talked King Charles will talk on TV.

The next day the Queen's coffin will return to Buckingham. During 3 days before the funeral, the british people will be able to see the Queen's coffin. At D+11 the Queen's funerals will take place at Westminster.

This day, the entire country will observe 2 minutes of silent. After she will be buried next to her husband at the King Georges VI at the Windsor castle.

October

- Harvest festival : 2nd
- Halloween : 31st

November

- Bonfire Night : 5th
- St Clement's Day : 23th

December

- Christmas Day : 25th

The Feasts in England

Plough Monday

Plough Monday is the traditional start of English agricultural year. It's generally on the first Monday of the year after Epiphany. For example, in 2022 Plough Monday is on the 10th of January. The British pass a plough from house to house and collect money.

Hooktide

Hooktide or Hook Day is a very old term used to mean the Monday and Tuesday in the second week after Easter. In 2022 it is on the 25th and 26th April. It marked the only vacations of the year of husbandman.

Oak Apple Day

Oak Apple Day or Royal Oak Day has plenty of other designation. This feast is an old celebration but it is celebrated from certain parts of the land. It is on the 23th May and this day was a public holiday but it is no longer the case. During this celebration the people commemorate the restoration of the English monarchy in May 1660.

Harvest Festival

Harvest Festival is traditionally commemorated on the Sunday near or of the Harvest Moon. For example, it falls on the 2nd October 2022. The celebrations on this day generally include singing hymns, praying and decorating churches with baskets of fruits and food. This feast is celebrated in Germany and China too.

Bonfire Night

Bonfire Night, Guy Fawkes Night or Firework Night is an annual commemoration on the 5th November, 5 days after Halloween, primarily in the United Kingdom. This feast is a little famous. It's celebrated at night and the people parade in the street with some torches of fire or some flags in their hands.

Farming

First I get up at 4 a.m..

First I give the hay.

Then I milk.

After giving the hay I take out the manur.

After I clean everything I took.

**And I start again at 4 a.m. in the afternoon
and in the morning**

***This job is good for me but afterwards
you have to work in good conditions.***

***This work is quite difficult especially in
winter***

***because it is hard to give
hay especially at home.***
